

# MAJOR ENHANCEMENTS IN FY 03-04 BUDGET COMPARED TO FY 02-03 BUDGET

SCHEDULE	DEPARTMENT	AGENCY	EXPLANATION	SGF	TOTAL	T.O	
01 -	100	Executive	Executive Office	The Executive Office is appropriated \$200,000 for estimated termination expenses for the Foster administration. The Executive Budget included \$522,181 for this purpose which was derived by multiplying the number of hours of annual leave for all Executive Office employees (up to a maximum of 300 hours) by each employee's hourly rate. This amount was reduced by the HAC to \$200,000.	\$200,000	\$200,000	0
01 -	100	Executive	Executive Office	The Indigent Defense Assistance Board will receive \$37,500 for DNA testing of indigent prisoners. Prisoners will have to apply for these funds and be determined indigent in order to receive these funds. The estimated cost per DNA test is \$1,500. Nine (9) applications have been approved to date. Source of funds is SGF appropriated in Schedule 20.	\$0	\$37,500	0
01 -	100	Executive	Executive Office	The Office of Community Programs within the Executive Office will receive an additional \$2,376,600 of TANF funding which will be made available for private pre-k. This program received an additional \$3 million in FY 03 to bring the total funding available to private pre-k to \$6 million. The executive budget added an additional \$766,200 but was reduced by the House Appropriations Committee to \$516,200. Senate Finance Committee increases the appropriation to private pre-k by \$1,860,400 which brings the total funding to \$8,376,600.	\$0	\$2,376,600	0
01 -	100	Executive	Executive Office	Funding for the Indigent Defense Assistance Board for legal services for juveniles as required in the consent judgment signed by Corrections Services.	\$140,000	\$140,000	0
01 -	100	Executive	Executive Office	Funding for the Louisiana Special Olympics delegation attendance at the Summer Games in June 2003.	\$110,000	\$110,000	0
01 -	103	Executive	Mental Health Advocacy	Funding for two (2) attorney positions to provide legal representation at disposition hearings for juveniles in state custody. Mental Health Advocacy projects an additional 80 juveniles will be diverted from secure care to special services and less restrictive settings. The cost to place a juvenile in a secure correctional confinement is \$157/day or \$57,305/year. Therefore, the cost of incarcerating 80 juveniles for one year is \$4.5 million. The cost of less restrictive alternatives is less than half the cost of incarceration, and captures federal dollars. Thus, the potential cost savings to the state is significant.	\$83,111	\$83,111	2
01 -	107	Executive	DOA	The Office of Planning and Budget (OPB) in the Division of Administration will receive \$432,761 for Phase II of the BRASS (budget development) database software. This total includes \$72,952 for four (4) Intel 1.5 GHz Xeon processors, a Microsoft 2000 Advanced Server, and Microsoft 2000 SQL Enterprise (4) at \$15,000 apiece. In addition, \$359,809 is included for professional services for the implementation of Phase II. The 1st phase of the program (funded at \$437,570 in FY 03) was the development of the database to be used for budgeting purposes by the OPB and state agencies. The 2nd phase to be completed with these funds will allow the OPB to continue the implementation on a statewide basis with the 3rd and final phase to be completed in FY 05 whereby all state agencies will be able to input budget data directly into the system.	\$432,761	\$432,761	0
01 -	107	Executive	DOA	The Division of Administration will receive \$1,088,628 for the last major phase of the Lagniappe (Louisiana Government Network for Information Access) statewide data warehouse solution. The data warehouse will consolidate data from multiple business applications into a single point of access. The amount of data to be included will require a significant increase in disk storage and processing power. First phase planning included the necessary storage to get this phase of the project underway but did not allow for sufficient processing power. According to the DOA, the production server will need to be upgraded and this will require a corresponding upgrade in software licenses. The imbedded data of the SAP database architecture will necessitate the acquisition of software that will extract the data for loading into the HR Universe. Personnel will also be trained in the use of this software as well as securing the services of knowledgeable experts in the area of SAP and Data Warehouses for the initial design and implementation.	\$1,088,628	\$1,088,628	0

01 -	107 Executive	DOA	Facility Planning will receive an additional \$300,000 to develop and implement the Energy Management Act of 2001 (Act 1184 of 2001). This legislation required the DOA to develop and implement a method to obtain information from each agency on energy usage and costs. This information shall be used to develop and maintain a database on all state buildings and facilities and their associated energy use, demand and cost. Facility Planning shall develop an energy cost index and use this index to identify state buildings and facilities with elevated energy use or costs. In addition, FP&C will make recommendations for energy cost saving measures and shall evaluate the economic feasibility of on-site electrical generation. Source of funding is federal funds to be transferred from DNR.	\$0	\$300,000	0
01 -	107 Executive	DOA	Additional security for state office buildings in New Orleans, Monroe, and the Champion building in Lafayette. The New Orleans State Office Building needs additional security due to the location and the crime statistics of this area with a high number of threats and acts of violence towards state employees. This building houses DHH-Office of Vital Records which deals with a large number of irate customers on a daily basis. The HAC adds one position for the New Orleans State Office Building. The additional security for the other two buildings could be handled either through an IAT to State Police or through contracting for private security for this purpose.	\$0	\$240,766	1
01 -	108 Executive	Patient's Compensation Fund	The Patient's Compensation Fund, in its mission of providing excess medical malpractice insurance, utilizes its own computer system (Claim Track) along with statewide databases and the Internet. The PCF currently has only one IT position which has brought negative feedback from the Legislative Auditor in the last two IT audits. The agency feels that expanding the IT section will not only provide for a back-up position, but will also serve to decrease the dependence on outside IT resources and consultants. The agency estimates that this additional position will allow the reduction in consulting fees up to \$30,000 per year. In addition, this position should allow the agency to come into compliance with the Legislative Auditor's recommendation to have a qualified back-up for this position. Source of funds is surcharges paid by private health care providers enrolled in the Patient's Compensation Fund (Stat. Ded).	\$0	\$60,247	1
01 -	112 Executive	Military Department	The Military Department will receive a total of \$369,296 (includes \$184,648 SGF and \$184,648 Federal) to set up the Homeland Security Program. Its mission is to develop, coordinate, execute and implement a state strategy to secure Louisiana from terrorist attacks. This office will work with federal, state, and local agencies, as well as private entities, to ensure the adequacy of the state strategy for prevention, response, and recovering from terrorist threats within Louisiana and will review and revise the strategy as needed. These funds will support 8 additional positions, including a division chief, assistant division chief, four (4) program managers, and two (2) research clerks. The salaries range from \$51,421 for the division chief to \$37,332 for the research clerks.	\$184,648	\$369,296	8
01 -	112 Executive	Military Department	The FEMA LIDAR (Light Detection and Ranging) project will receive an additional \$1 million in federal funding for this program which is also being moved from the Office of Coastal Activities in the Executive Office to the Office of Emergency Preparedness. This program began in 1999 with FEMA spending \$150 million nationally for upgrading and converting paper maps to digital. These maps are not only used to determine flood insurance rates but can also be used in Louisiana for determining flood evacuation routes for OEP and scenarios for dealing with potential pipeline spills due to terrorist attacks. The LIDAR system uses laser beams shot at the ground from an airplane which measures the time light takes to get to the ground and back. This gives detailed information on elevations and topographical data. This project began in 1999 and with the federal funding estimated to be raised to \$4 million annually beginning in FY 05, this project should be completed in two or three years. Louisiana is supposed to pay 25% of the costs but according to the Office of Coastal Activities, will not be penalized if it does not reach that level of support. The increase in federal funds brings the total federal funding to \$2 million in FY 04 and a corresponding state match of \$333,000.	\$0	\$1,000,000	0

<u>SCHEDULE</u>	<u>DEPARTMENT</u>	<u>AGENCY</u>	<u>EXPLANATION</u>	<u>SGF</u>	<u>TOTAL</u>	<u>T.O</u>
01 - 112	Executive	Military	Funding to the Military Department for Homeland Defense Activities. This appropriation includes \$34,487,400 in federal funds for the Emergency Preparedness Program for the purchase of terrorism incident prevention equipment, training and exercises focusing on preventing terrorist acts and the protection of our critical infrastructure. Also, \$1,200,000 in federal funds from the Department of Defense is earmarked for facility renovations at the Gillis Long Center to support the Southeast Anti-terrorism Regional Training Academy (SARTA). This academy will focus on providing anti-terrorism first-responder training to law enforcement personnel. Finally, \$900,000 in federal funds and 5 positions will be added through the Department of Homeland Security and the Department of Justice for the operations of SARTA. This funding will provide training for approximately 960 law enforcement personnel in FY 04.	\$0	\$36,587,400	5
01 - 113	Executive	Workforce Commission	The Workforce Commission will receive additional TANF funding in the amount of \$402,976 to provide adult education, basic skills training, job skills training and retention services. This additional funding brings the total level of TANF support to \$11,273,159 in FY 04.	\$0	\$402,976	0
01 - 113	Executive	Workforce Commission	Two positions are added by Senate Floor amendment with the responsibility for the implementation and operation of the Strategies to Empower People (STEP) program funded through the TANF block grant. Such positions shall only be available to the extent TANF block grant funding is made available to support these activities. Only the T.O. is added through this amendment. Funding for the positions will be added through a BA-7 at a later date when the funds are made available.	\$0	\$0	2
01 - 124	Executive	LSED	Funding for the LSED Administrative Program for transfer to the Greater New Orleans Sports Foundation.	\$350,000	\$350,000	0
01 - 129	Executive	Commission on Law Enforcement	Funding for the LSA NET homicide investigator training seminars. This amendment is to provide advanced training to the state's homicide investigators. The purpose of the advanced Homicide Investigator Training Program (HITP) is to provide the state's veteran homicide investigators access to proven training that will allow them to utilize consistent high quality investigative techniques in their homicide investigations. Also, the training will include the state's new LSA NET, which is a web-based database program for all types of violent crime, including homicide. The LSA NET will be a resource for homicide investigators who can enter key essential points pertaining to each individual crime in the statewide database.	\$350,000	\$350,000	0
01 - 129	Executive	Commission on Law Enforcement	Funding from a federal grant which LCLE is coordinating with the U. S. Attorney's Office, Western District of Louisiana to provide funding for Project Safe Neighborhoods, which is a nation-wide program to reduce gun crime by networking existing local programs that target gun crime and providing those programs with additional tools necessary to be successful. The goal is to take a hard line against gun criminals through every available means to create safer neighborhoods. This program seeks to achieve heightened coordination among federal, state, and local law enforcement, with an emphasis on tactical intelligence gathering, more aggressive prosecutions, and enhanced accountability.	\$0	\$390,094	0
01 - 133	Executive	Elderly Affairs	Funding for the Seventh Ward Pilot Land Senior Center, Inc. for a weatherization program.	\$150,000	\$150,000

01 -	134	Executive	Southwest Louisiana War Veterans Home	Funding for the Southwest Louisiana War Veterans Home which is scheduled to be opened in Jennings in April, 2004. This facility will have 156 beds and will open with a total of 19 T.O. Hiring of department heads and other key staff will begin in January 2004. These persons will undergo training through April 2004. Equipment will begin to be purchased in the month of April. Additional staff will be interviewed and hired beginning in July and the facility will begin to see patients in August or September of 2004. The Department of Veterans Affairs notes that it anticipates this facility having approximately 150 employees when fully operational.	\$400,000	\$400,000	19
			Major Enhancements	Executive	\$3,489,148	\$45,069,379	38
04 -	139	State	Secretary of State	Funding for a professional service contract to convert microfilm/microfiche to optical images. According to the department, there are currently approximately 2,347,641 records on cartridge and microfiche. Due to insufficient in-house resources, the department finds it economically feasible to hire a private company to do the conversion. The department estimates that outsourcing will save \$172,000.	\$0	\$264,000	0
04 -	139	State	Secretary of State	Additional funds needed for statewide election costs (gubernatorial general and presidential preference primary elections). Funds will be used to cover the costs of ballot printing and other election supplies.	\$730,370	\$730,370	0
04 -	139	State	Secretary of State	The following are additional expenses needed to implement the merger between the Department of Elections and the Department of State: <u>\$209,000 SGF</u> to remodel part of the first floor of the United Plaza Bldg. to house the Dept. of Elections (it is estimated that \$250,000 will be saved once the Department of Elections terminates the current lease on North Blvd.); <u>\$250,000 SGF</u> for network consolidation by BellSouth of data circuits and to replace routers with OIT standard CISCO routers; also covers the cost of monthly network charges from OTM; <u>\$61,980 SGF</u> for the physical relocation of phones where the Dept. of Elections will be located; <u>\$200,000 SGR</u> to convert and rewrite program codes to facilitate the consolidation of the departments' computer systems; and <u>\$3,546 SGR</u> for increased rental contract for additional space needed in the United Plaza Bldg. The above enhancements are offset by merger-related reductions of (\$305,544) SGF and (6) T.O. for the Department of Elections. (Refer to corresponding reduction for Dept. of Elections.) <u>This results in a net enhancement of \$418,982.</u>	\$520,980	\$724,526	0
04 -	139	State	Secretary of State	Funding provided for various museums: Old State Capitol -- \$75,000 (SGF). Oil and Gas Museum in Jennings -- \$150,000 (SGF). Camp Moore Cemetery -- \$20,000 (SGF). Schepis Museum in Columbia -- \$75,000 (SGF). Jeanerette Museum -- \$10,000 (SGF). Tioga Heritage Park and Museum -- \$25,000 (SGF); contingent upon passage of HB 689, which would place the museum under the department's jurisdiction. Mansfield Women's College Museum -- \$6,500 (SGR); Garyville Timbermill Museum -- \$6,500 (SGR). Military Museum -- \$75,000 (SGF) and 1 T.O.	\$430,000	\$443,000	1
04 -	139	State	Secretary of State	Funding provided by Statutory Dedications to reflect deposits of federal monies to be received pursuant to the federal Help America Vote Act of 2002 (HAVA). The Departments of State and Elections indicated that the state would receive approximately \$25 million in the current federal fiscal year. House Committee amendment gives the Department of State budget authority of \$24,980,904 contingent upon passage of HB 1623, which establishes the following funds in the state treasury:  Help Louisiana Vote Fund, Election Administration Account \$4,911,421 Help Louisiana Vote Fund, Voting Systems Account \$7,351,684 Help Louisiana Vote Fund, HAVA Requirements Account \$12,717,799	\$0	\$24,980,904	0

04 - 160	Agriculture	Agriculture and Forestry	Additional funding for the second year of a three year U.S. Environmental Protection Agency (EPA) grant to the Soil and Water Conservation Program within the Department of Agriculture and Forestry. The monies will continue the Agricultural Nonpoint Source program and implementation of the state water pollution control program, which is designed to meet the goals of the Clean Water Act. The Department received \$1 million in Federal Funds for FY 03, which was the first year of the three year grant, and is expected to receive another \$600,000 for FY 05.	\$0	\$600,000	0
04 - 165	Insurance	Insurance	Increase funding for additional Local Area Network (LAN) services. Due to a Division of Administration initiative to have a centralized server for certain designated buildings (Capitol Park Complex) downtown, the following items have been funded. \$102,000 to annualize data tone access to provide subscribers with secure Ethernet services for connectivity between end-users and agency data resources at one of the shared data centers in Baton Rouge. \$68,400 for additional port charges (two ports @ \$2,850 per month for twelve months) \$56,700 for Data Dial Tone DMZ Service Rates (\$4,725 per month for twelve months). \$10,800 for DMZ Access Port 10/100 Ethernet and LaNet via Data Dial Tone Rates (Internet Access) These additional budgeted fees are generated from fees, fines, and taxes collected by the Department of Insurance.	\$0	\$237,900	0
04 - 165	Insurance	Insurance	Increase in funding to cover the cost of providing capitol park complex security. The break down of costs listed below were assigned to the Department of Insurance. \$314,496 - 2 DPS officers @ \$18.00 hourly rate, 24 hours, 7 days \$37,440 - 1 guard (basement) @ \$18.00 hourly, 8 hours, 5 days <del>\$37,440</del> - 1 guard @ \$18.00 hourly, 8 hours, 5 days \$389,376 Although the total assigned security schedule totals \$389,376 in funding, the Division of Administration has funded \$342,530. These additional budgeted fees are generated from fees, fines, and taxes collected by the Department of Insurance.	\$0	\$342,530	0
04 - 165	Insurance	Insurance	Additional funding for the expansion of scanning/retrieval services. In FY 00/01, the Department of Insurance launched an initiative to provide scanning services for all offices within the department. This expansion will provide scanning services and retrieval capability of various documents to the five remaining offices that currently do not have the service. Acquisition funding is itemized below. \$25,000 for 5 on-base scanner software modules @ \$5,000 each \$48,000 for 2 on-base server software modules @ 24,000 each \$50,000 for 5 on-base scanners @ \$10,000 each <del>\$44,000</del> for 2 on-base scanners @ \$22,000 each \$167,000 These additional budgeted fees are generated from fees, fines, and taxes collected by the Department of Insurance.	\$0	\$167,000	0
04 - 165	Insurance	Insurance	Provides \$498,410 in fees and self-generated funding for data processing and software development necessary to implement the requirements for CAPCO tax credits established in Act 84 of the 2002 R.S. Act 84 provided for the following changes: 1) a two year extension on the CAPCO program; 2) CAPCO credits can now be applied to surplus lines policies; 3) the premium tax credit can be taken at an increased rate per year, from 10% to 12.5%; 4) allows carry forward of unused credits generated after 12/31/99; 5) allows companies ability to sell/transfer credits on the open market to other insurance companies. As a result of these changes, this funding will be used to reengineer the current tax system to track ownership, transfer, and sales of CAPCO credits in the Premium Taxes and Surplus Lines Tax systems.	\$0	\$498,410	0

19 - 671	Higher Education	Board of Regents	Higher Education Performance and Quality Pool - For continuing development of a more effective and efficient postsecondary education delivery system through implementation of the Admissions Criteria Framework at 4-year institutions stipulated in the Master Plan for Postsecondary Education, 2001, as prescribed by Acts 1465 of 1997 and 49 of 1998; special emphasis will be placed on the distinct role of the flagship, statewide and regional 4-year institutions; funds will be available to universities for budget stabilization, increased accountability and achievement of the goals and objectives set out in the plan.  This funding is in addition to \$6.425 M State General Funds in FY 02-03 for this pool that was transferred to the respective schools.	\$5,250,000	\$5,250,000	0
19 - 671	Higher Education	Board of Regents	Additional funding for Endowed Chairs and Professorships. These additional funds will be used for endowed professorships and eminent scholar chairs at Louisiana higher education institutions. The income from the endowed professorships are used to supplement faculty salaries and to provide faculty support such as equipment and supplies needed for research. The income from the eminent scholar chairs supports a faculty member's salary, providing much-needed enhancement for the academic areas of the university.	\$2,000,000	\$2,000,000	0
19 - 671	Higher Education	Board of Regents	Provides funding for Health Care Work Force Development - Act No. 157 (SB 68) of the 2002 1st Extraordinary Session created the Healthworks Commission to address Louisiana's critical shortages of nursing and allied health professionals. These funds will provide for additional health care educators and increased production of health care workers. Funding would be targeted to geographic areas experiencing the greatest shortages, since research indicates that mid-level health care providers work in close approximation to where they are educated. The funding will be distributed in the following manner: Delgado (\$1.6 M), La. Health Works Commission (\$100K), Southeastern Louisiana University (\$300K), and \$700K will be distributed to the LSU, SU, UL, and LCTCS systems.	\$2,700,000	\$2,700,000	0
